BLOODY RIOT AT PANA.

While and Black Miners and Deputy Sheriffs Use Firearms.

MEN AND WOMEN ARE SHOT.

A Negro Who Defied Arrest Precipitated the Trouble, Which Resulted In Many Shots Being Exchanged on a Main Street.

Pana, Ills., April 10.—In the riot which broke out at 10:30 a. m. on the main streets in front of the telegraph office between white and black miners, in which deputy sheriffs took part, five men and one woman were killed. Eight persons were wounded, several so seriously that they will die.

The killed are: Xavier L. Rogg, Frenchman, union miner; Frank Coburn, white, son of ex-Sheriff Coburn; three unknown negro miners and one negro woman.

The wounded are: William Kuhn, proprietor of the Klondike steam laundry, shot through both legs; Albert Vickers, white miner, shot in right arm; Cyrus Strickler, groceryman; George Gillen, farmer of Rosemund, left arm shot off; Clara Felix, servant at the Harrison hotel, shot in back, condition serious; Mrs. Henrietta, wife of union miner, right arm shot off; Frank Handsworth, delivery boy, shot in head, will die; Henry Steppino, negro miner, shot through body six times, likely to die.

The trouble resulting in the riot began Sunday night, when 100 deputy sheriffs were called out into the Flat-ham and Penwell mining district to protect several families of negroes, who were endeavoring to load household effects preparatory to leaving for Iowa, and were being prevented by negro guards armed with rifles furnished by the Pana Coal Coal company, who claimed the goods the negroes were moving were the company's property.

The deputies guarded the negroes while they loaded their goods in wagons, conveyed them to railroad cars and packed them for shipment. The negroes, their wives and children were then marched to Miners' hall, where they were fed and cared for by white union miners and given protection by a guard of 50 deputy sheriffs, it being feared that the negroes who did not wish them to leave Pana, would interfere and attempt forcibly to prevent their departure.

The attempted arrest of Henry Stephens, a negro miner, precipitated the riot. Stephen is a leader among the negro nonunion miners.

He had been parading the streets armed with revolvers, defying arrest.

Governor Tanner has ordered three companies of the Fifth Illinois infantry to this city by special train.

BARTLETT TRIP

Selected as the American Delegate on Samoan Commission.

Washington, April 10.—The president has selected Bartlett Trip of South Dakota, formerly minister to Austria, as the United States representative on the Samoan joint commission.

Samoan Question Discussed.

Washington, April 10.—The German ambassador, Dr. Van Holleben, called on Secretary Hay and went over the Samoan question quite fully. The ambassador expressed the wishes of the German government to have the commission begin its work at the earliest possible moment, in order that the pending difficulties may be overcome. The German position, as made known by the ambassador, while not a protest, at the same time questions the course of Admiral Kautz. There is no disposition on the part of the German authorities to repudiate Herr Rose's course. The Kautz-Rose incident will be quite immaterial, affecting the settlement under the high commission. The British ambassador, Sir Julian Pauncefote, also conferred with Secretary Hay on Samoan affairs.

Esterhazy's Statement.

Paris, April 10.—The Matin publishes reports of interviews with Count Esterhazy, who, referring to the testimony of General Roget before the court of cassation in the Dreyfus proceedings, says Roget's accusations are ridiculous; while Major Hartriana was mistaken in saying that he (Esterhazy) went to the manœuvres at Messy, or was present at the Chalon Champs tests of 120-calibre cannon.

Cancer Microbes Cultivated.

New York, April 10.—A dispatch from Paris says the Figaro announces that the microbe of a cancer has been isolated and cultivated by Dr. Bra of Paris. The Figaro says there is reason to hope that the discovery of Dr. Bra paves a definite curative treatment for cancer.

ADMIRAL WALKER.

Tells About the Use of Canned Roast Beef on the Isthmus.

Washington, April 10.—The army court of beef inquiry resumed its sessions with Rear Admiral John G. Walker, president of the Nicaragua canal commission, on the stand. He said that canned roast beef had been used by the commission's surveying parties on the isthmus.

He added that the men did not like this beef, preferring bacon and the fresh native beef; but that while this was true the canned beef had not been found unwholesome. If outfitting a large expedition to the tropics he would include some of the beef as a ration, but not very much of it.

Dr. Charles H. Castle, an assistant surgeon of the First Ohio cavalry, for a time brigade surgeon, and one of the men whose name was given by Lieutenant Gampfer as being present at Lakefield, Fla., when Mr. Morehouse, agent for Armour & Company, said that their beef had been chemically treated, said that on two occasions he had found the meat spoiled after it had passed inspection.

On Aug. 16 he had met the Armour agent, his name he did not know, in the presence of Captain Carmichael and Lieutenant Gampfer, at the commissary depot. On this occasion Dr. Castle had called the attention of the agent to some discolorations of a greenish character on the meat when the agent had replied: "The discoloration is due to some chemical with which the beef was treated upon being put in the refrigerator."

"I asked him what the formula was," continued Dr. Castle, "but he replied that he did not know—that the formula was unknown to him."

Dr. Castle identified a letter he had addressed to the chief commissary at Tampa on Aug. 23 last, asking that he be allowed to purchase beef at Lakeland, and not be compelled to receive the beef shipped in because of the frequent condemnations of the refrigerator beef from Tampa.

Failing to receive a prompt response to the letter he had wired and had received authority for a time to make the purchases of local butchers.

Roosevelt Cheered.

Chicago, April 10.—Governor Roosevelt of New York, who was the guest of honor at the Appomattox day banquet of the Hamilton club, at the Auditorium theater, left his hotel at 10 a. m. with Dr. William R. Harper and a delegation of prominent citizens for the Chicago university, where he addressed the students. Crowds had been waiting around the hotel entrance for hours to catch a glimpse of the governor, and when he made his appearance he was greeted enthusiastically. He was repeatedly cheered during his ride to the university, and was greeted with a storm of cheers and college yells when he appeared before the students.

Two Tossed States Evidence.

Charleston, S. C., April 10.—The trial of the 13 citizens of Lake City for having lynched Postmaster Baker began here before Judge Brawley. There are 150 witnesses to be examined, but the end of the trial will probably be reached in two weeks. There is more anxiety felt now among the defendants than when the party was arrested last summer. Two of the men against whom indictments have been returned have turned state's evidence. They are Joseph P. Newman and Early P. Lee.

General Black's Candidacy.

Chicago, April 10.—The name of General John C. Black will be presented to the executive committee of the national encampment of the Grand Army when it assembles in Philadelphia Wednesday to elect a commander-in-chief to complete the unexpired term of the late Colonel James A. Sexton. A delegation consisting of his Illinois friends and supporters will offer General Black's name.

A Desperate Situation.

Lima, Peru, April 10.—Advices received here in regard to the revolution in Bolivia say that the situation at Ouroro, where president Alonzo has established his base of operations is desperate. It is added that the federalists or insurgents are pushing their operations, and that the banks of Sucre, the capital of Bolivia, have refused to furnish any funds to purchase Alonzo's government.

A Mining Disaster.

Austin, April 10.—A mining disaster in which 12 men lost their lives is reported from the Sierra Mejada mining camp, located in the state of Coahuila, Mexico, 50 miles south of Presidio, Tex. An explosion of gas occurred in the Vedes Rica silver mine, and before all the miners could get to the surface, the dry timbers were on fire, the fierce flames barring exit.

Respect For Justice Field.

Washington, April 10.—The United States supreme court met, the death of Justice Field was announced, and the court adjourned as a mark of respect.

SANTA CRUZ CAPTURED

Lawton's Expedition Across the Lagoon Wins a Victory.

SIX AMERICANS WOUNDED.

The Rebels, Led by a Chinaman, Are Quickly Repulsed With a Loss of Sixty Killed and Many More Wounded.

Manilla, April 10.—General Lawton has captured Santa Cruz at the extreme end of the lake. He drove the rebels, who were commanded by a Chinaman named Pao-Wah into the mountains. The Americans had six men wounded. The rebels lost 68 men killed and had 40 men wounded.

An expedition consisting of about 1,500 men, commanded by Major General Henry W. Lawton, left San Pedro Macati, on the river Pasig, on Saturday

GENERAL HENRY W. LAWTON.

day night, for the purpose of crossing Laguna de Bay and capturing the town of Santa Cruz, on the eastern shore of the lake. The American troops were then, as planned, to sweep the country to the south.

The force consisted of 200 picked sharpshooters from the various regiments, Hawthorne's mountain battery, Gate's squadron and three troops of the Fourth cavalry, unmounted; Bronk's and Tappan's battalions of the Fourteenth infantry, Linke's battalion of the First Idaho infantry and Frain's battalion of the First North Dakota infantry, under General King.

The flotilla of 20 canoes, towed by tugs and conveyed by the gunboats Laguna de Bay, Oesto and Nappidan, and preceded by the launch containing General Lawton and General King, moved toward the lake just as evening was setting in. It was a truly picturesque scene. The men carried rations for 10 days, with the lightest marching equipment.

General Lawton's plan was to reach Santa Cruz on Sunday morning at daybreak to capture or destroy any rebel gunboats or shipping, to take the town and then to scour the country to the south of the lake.

Will Not Be Easily Pacified.

Manilla, April 10.—Though hundreds of Filipinos are daily returning to their homes and are desirous of resuming peaceful pursuits, and though the proclamation issued by the United States Philippine commission has given an impetus to this movement, the war is far from ended. One of the foremost American generals said recently: "We will see 100,000 soldiers in the Philippines before the Americans control the islands."

Report of General Otis.

Washington, April 10.—The following dispatch was received from General Otis at Manila: "Lawton's command captured Santa Cruz, chief city of Laguna de Bay Monday morning, casualties six wounded; insurgents troops driven, leaving 68 dead in the field and large number of wounded and considerable number captured. Lawton will pursue westward."

Scouting Party Shot At.

Manilla, April 10.—The rebels along the railroad fired at a scouting party near Malolos, wounding two members of the Kansas regiment. The United States gunboat Bennington has gone to Baler, on the east coast, in order to relieve a Spanish garrison of 47 men, which had been beleaguered there since May.

Not the American Boat.

Manilla, April 10.—The steamer Brutus, believed to belong to the Manila Maritime company, and to have been erroneously reported as being the United States supply steamer Brutus, has arrived at Balabac, 30 miles south of Palawan, with her shaft broken. Assistance has been sent to her.

Cruiser to Be Repaired.

New York, April 10.—The United States auxiliary cruiser Yosemite has arrived here from Norfolk.

GENERAL BRECKINRIDGE

Points Out Difficulties In Future Government of Cuba.

Washington, April 10.—Inspector General Breckinridge, who has just returned from an inspection trip in Cuba and Porto Rico, in an interview says:

"Since the United States has been in possession of Cuba, the condition of the island has naturally improved. I have no idea that there is any danger of an insurrection against the United States. The minds of the people at this moment are on the question of the payment of \$3,000,000 to the Cuban insurgents.

"After this has been settled they will bind themselves to a discussion of the kind of government Cuba shall have after the American troops have been withdrawn. There will be no trouble from the Cubans as a people during military occupation, but I feel sure that after our troops are brought home there will be disturbances.

"We are not going about the matter of fitting the Cubans for self-government in the right way. It seems to me that the first thing we ought to do is to have an election by the people of a convention to draft a constitution. If that constitution is not satisfactory we can set it aside, but we ought to find out what the people are willing and able to do.

"As it is the island is governed by American soldiers, enforcing Spanish laws, on which are grafted American ideas, the result being confusion.

"Our constitution guarantees every man the right to a fair trial by a jury of his peers at the place where the crime shall have been committed. An offender against the law in Cuba has no such privileges.

"He is examined by an official, who represents what might be compared with our grand jury, and if his report is unfavorable, the prisoner is brought before a judge for examination, who certifies him to an appellate court. Six months have been taken up in these operations. Besides, the prisoner may be sent for trial far from the point where the crime was committed.

"Unrest pervades Cuba because the people have no voice in the government. They know that the United States can not at present take the island, no matter how much we would like to do so. I am confident that if a vote were taken in Cuba on a proposition for annexation to the United States it would be adopted by a vote of two to one. The Spanish element prefer annexation, and many of the Cubans also, for they do not know after the expiration of the United States rule whether 8,000 or 10,000 former insurgents will rule the island, or whether they, the people, will.

"I have served on the plains many years, and I found the quickest way to unite people was by effecting prompt communication. Keeping the provinces of Puerto Principe and Santiago de Cuba isolated retards their development. If, under the terms of the Foraker amendment, a railroad can not be built, then good roads should be built."

Mr. Croker Will Testify.

New York, April 10.—The Mazet investigating committee resumed its sitting for a short session. Mr. Moss announced that certain disreputable individuals were extorting money upon the plea that they had been engaged to serve subpoenas. According to Mr. Moss, their plan was to withhold the spurious subpoena for a consideration. Dr. O'Sullivan, who represents the city departments, after announcing that Frank Croker was in court and had not been served with a subpoena, created a little stir by adding: "Richard Croker desires me to say that he will be at the disposal of this investigating committee at any time up to April 18, when he is to sail for Europe." Mr. Moss promptly accepted the challenge, and requested that Richard Croker be present to testify next Friday.

Orders to Captain Dayton.

Washington, April 10.—The cruiser Detroit has been ordered to stop at Cartagena, Colombia, before putting in at Port Limon. She is due at the first named port any hour. The instructions prepared for Captain Dayton in substance authorize him to deal with the situation on its merits and according to his own judgment. If he finds that the Nicaraguan general, Torres, at Bluefields, is oppressively treating American merchants he will put an instant stop to the complaints. The Detroit is to stop at Greytown after leaving Port Limon.

Outlaws Increasing.

Holguin, Cuba, April 10.—The bandit question in Santiago province is assuming more serious proportions. In spite of the fact that there have been many arrests in the neighborhood of Sancti Spiritus, including the principal leaders, the number of outlaws is increasing instead of diminishing. The gendarmes are practically worthless unless they are with American troops.

QUAY CASES CALLED.

Trial of Noted Politician and His Son Formally Begun.

THE ARRAY OF WITNESSES.

Ten Prominent In Financial and Political Circles of Pennsylvania Will Testify—Incidents in the Court Room.

Philadelphia, April 10.—The trial of ex-Senator Quay and his son, Richard R. Quay, on charges of conspiracy in the misuse of funds of the People's bank of this city, was begun before Judge Biddle in the court of quarter sessions.

The arrangements that were in effect on the date the trial was last called, Feb. 27, when it was postponed at the request of District Attorney Rothermel, were again carried out.

As a consequence, but few, except those directly interested in the case, jurors and newspaper men, were enabled to gain admission to the court room.

Promptly at 10 a. m. Judge Biddle took his seat. Judge Mestreza of Fayette county occupied a seat beside him, merely as a spectator.

Neither the district attorney, his assistants, nor the defendants and their counsel were present at that hour. Within a minute, however, the latter entered. Lawyer A. S. L. Shields came first, followed by ex-Senator Quay and Richard R. Quay.

Directly following them came Senator Penrose, who took a seat in the space reserved for newspapermen. He was followed by the remainder of Quay's counsel, R. T. Shapley, D. T. Watson and J. M. Swearingen, the last two from Pittsburg. District Attorney Rothermel and his assistants, Messrs. Finletter, Clement and Scott, followed almost immediately.

Counsel for the ex-senator and his son took seats alongside each other, directly facing Judge Biddle.

Mr. Quay, quiet and calm, sat behind Mr. Shields, and to the ex-senator's left sat his son Richard. Mr. Quay held a brief conversation with Mr. Shields, and then settling back in his seat leaned his elbow on his table.

About 20 minutes were occupied in the calling of names of the panel of jurors and witnesses.

There was a long list of witnesses for the prosecution, including Thomas W. Barlow, receiver of the broken People's bank; State Treasurer Beacom, ex-State Treasurer H. K. Beyer, who is now director of Philadelphia mint; James S. McManes, once the leader of the Republican machine in this city, who was president of the People's bank; George A. Huhn, the leading stock broker of the city, through whom Mr. Quay transacted much of his business.

The first juror called was Francis J. Hill, a painter. He was accepted. Adolph D. Vandeveter, cutter; John W. McClelland, signal inspector; William Temme, paper hanger; John J. McLaughlin, harnessmaker; and James F. Creery, engineer, were also accepted.

Talcott Williams, one of the editors of the Philadelphia Press, said he knew both of the Quays and had formed an opinion, but he felt able to try the case according to the evidence.

Mr. Shields, for the defense, cross-examined. Mr. Williams admitted that he written editorials severely denouncing the defendants, and had participated

DEMOCRATIC STATE CONVENTION.

At a meeting held by the Democratic State Executive Committee in the city of Lexington on March 8th, 1899, it was ordered that a State convention be held in Louisville on Wednesday, June 21st, 1899, for the purpose of nominating Democratic candidates for State officers to be voted for November 7th, 1899, the convention to be called to order at 11 o'clock a.m.

Delegates to said State convention shall be chosen at county mass conventions to be held at the various county courthouses in counties having but one legislative district, of which due notice shall be given by the various County Committees. In counties having more than one legislative district there shall be a convention for each legislative district to be held at some convenient point to be indicated by the Chairman of the Legislative District Committee, who shall advertise in the local papers the location for said convention at least ten days prior to the date fixed by this committee. Said county and legislative district conventions shall be held at 2 o'clock p.m., standard time, on June 17th, 1899. Said conventions shall be called to order by the Chairman of the respective County Legislative District Committees.

The date of representation of each county to the said State convention shall be one delegate for each 200 votes and fraction of 100 or more votes cast for the head of the Democratic Electoral ticket in the Presidential election in 1896, provided that each county shall have at least one delegate vote. All known Democrats and others who supported W. J. Bryan for President and those who pledge themselves to support the nominees of said State convention shall be entitled to participate in the county or legislative district conventions.

P. P. JOHNSTON, Chairman.

R. Owen Cochran, Secretary.

NOTICE OF DEMOCRATIC MASS CONVENTION.

Pursuant to a resolution of the Third Railroad District Committee adopted at Lexington, Ky., March 8th, 1899, the Democrats of Mason County are requested to meet in mass convention at the court house in the city of Maysville, Ky., on Saturday, April 15th, 1899, at 2 o'clock p.m., for the purpose of selecting delegates to attend a convention to be held in Winchester, Ky., on April 26th, 1899, for the purpose of nominating a candidate for Railroad Commissioner.

THE American mechanic continues to get there. As evidence of the enormous amount of machinery which the United States is exporting to Great Britain, it is stated that one of the most important engineering firms in Sheffield recently ordered a quantity of special machinery in America, no home firm being able to guarantee delivery under eleven or twelve months, while the American manufacturers undertook to deliver it and have it working within three months. Armor plates for the British navy are being planned in one of the most noted Sheffield factories by American machinery.

DR. CASTLE, of Cincinnati, a commissary in the volunteer army during the late war, testified Monday before the Beef Inquiry Commission. The doctor complained to the chief commissary at Tampa, and asked to be allowed to buy fresh beef because the men were going days without meat on account of it being spoiled. The beef had an acrid, sour smell. It was his opinion that it had been treated with formaldehyde, which, used as a gas, the witness said, would tend to preserve meat; as a liquid, it would make good "embalming" fluid. Formaldehyde is the stuff used for disinfecting houses where smallpox, diphtheria and other such diseases have prevailed. If the beef fed the soldiers was treated with this stuff, no wonder it made them sick.

THE balloon ascension Monday afternoon at 2 o'clock attracted an immense crowd to the corner of Second and Sutton. "Spadefoot" Slater, of the Fremont Amusement Company, made the ascent and the parachute drop, the balloonist and balloon landing in the old grave yard in rear of the opera house.

He Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from rectal fistula, he would die unless a costly operation was performed; but he cured himself with five boxes Bucklen's Arnica Salve, the surest pile cure on earth and the best salve in the world. 25 cents a box. BIG CROWD.

The Resumption of Monthly Stock Sales in Maysville a Great Success.

The Streets Thronged With People From Surrounding Country—Praise For the Board of Trade.

Until yesterday the Board of Trade could only make promises, speculate and theorize; with the closing of Monday night, these vanish and the practical work stands out in bold relief, and it clearly shows how judicious advertising and unity of action work together for the good of all parties concerned.

The purpose of this article is not to eulogize the Board of Trade, its officers or plans, but to present facts gleaned after a thorough canvass, to have results stand before our people so they may not hesitate to assist in the great work which has begun.

Any number of people from the surrounding country were interviewed upon why they came to Maysville yesterday, among them Mr. Wm. McClelland, of Lewisburg precinct, Mr. W. J. Rees, of the Shannon neighborhood, Mr. G. H. Kelley, of Fleming County. Boiled down this is their reason: Was induced by the attractions offered; knew that plenty of stock would be for sale; remembered the past stock sales; felt that in uniting to get trade, Maysville merchants had at last been aroused; wanted to be in the crowd and get inspiration from energy, zeal and progress.

The testimony of our livery men is a powerful and convincing argument. Combined they cared for and fed 1,000 horses; 300 of these carried riders, while 700 pulled vehicles. At a low estimate 1,400 persons added to the 300 hundred riders make 1,700. The ferryboat brought 437, the trains, buses and wagons brought 500, the grand total is 2,637 persons who were in Maysville yesterday not one of whom spent less than \$2; in money this means \$5,274.

This resume of the first effort of unity is startlingly real and ought to stimulate our trade life to cooperate and pull the more, for where printers' ink is used without stint, where snappy and original matter is published and where those in charge are capable, zealous and interested certainly the prospects are exceedingly bright and are worth pushing to their utmost limit. Now for the next time; let's begin to work it up.

These stock sales will occur regularly hereafter on County Court day, second Monday each month.

The merchants, hotel proprietors, and other business firms were interviewed Monday afternoon and here's what they say of the day's trade:

Central Hotel: "The Board of Trade is a howling success. The day has been equal to Barnum's circus day. We usually close the dinner hour at 1:30, but today we fed till 2:45."

Wells & Biggers: "Our capacity for transient custom is 150 horses; we were full up. It was a great day."

Wells & Mitchell: "Better than usual."

W. W. Willocks: "A genteel business."

Best County Court in fifteen years. The way to progress is to push. The Board of Trade is on the right track."

St. Charles Hotel: "Fair trade; country people mostly."

M. Davis: "Better than usual. I admire the work of the Board of Trade. The crowd to-day speaks of its fine schemes of advertising."

Lee & Ballenger: "The people are with us and the cash is flowing. No greater crowd has been in Maysville in years. Keep up the good work."

Omar Dodson: "More than satisfied. Let's maintain the Board of Trade. It's a machine full of energy and is needed now and for the future."

John I. Winter: "The work of the Board of Trade is the greatest vindication of zeal, energy and push. I would not take a good big sum for the good its efforts did me to-day."

Alexander & Bro.: "Our capacity for transient horses is 200. We had to turn sixty away. It's the best day in five years."

T. J. Winter & Co.: "Could not attend

to the business which the efforts of the Board of Trade brought us."

George T. Wood, Miss Sallie Wood proprietor: "About as usual."

Mrs. John Wheeler: "More people than I have ever seen here. This is unquestionably due to the splendid work of the Board of Trade."

Mrs. M. Archdeacon: "A much larger crowd than on previous court days. Buyers plentiful and for cash."

Leonard & Lalley: "Business alright. The good the Board of Trade can do is estimable."

John O'Keefe: "All we could do. The Board of Trade is the key to business prosperity in Maysville."

George Pollitt: "Business splendid. We had a big country trade."

Col. Hakes: "Did double usual amount of business."

R. B. Lovel: "Busy all day. Fine sales and for cash. Biggest County Court day in years. Let's hold up the Board of Trade. It will make the town. Why I had two horse buyers from Cincinnati buy of me a box of old hams, which I have shipped them."

L. Hill: "A good trade."

Schatzman: "It's a great court day and we merchants are happy."

Hoechlich & Bro.: "Best day in years. Great crowds of country people filled our store all day."

Bank of Maysville: "Merchants' deposits for the day materially better."

Mitchell, Finch & Co.: "Merchants too busy to report yet; they are having a great day."

State National Bank: "Very busy all day. The effort put forth speaks volumes for the publicity and practical work of the Board of Trade."

First National Bank: "Deposits biggest in fifteen years."

Coughlin Bros.: "We had 250 horses, 175 of which drew vehicles. It was a great day."

R. A. Carr: "Fifty more horses than ever had on any County Court day previous. I attribute it to Board of Trade."

Brown & Davis: "Had all we could attend to; it's a money making day for us."

Captain Phister: "Steamer Laurance carried from the Ohio side to visit our merchants 437 persons. This is the actual number brought over up to 4 o'clock."

Mr. Charles Taylor, auctioneer, reports 50 cattle, 150 head of sheep, one bunch of 29 calves, one bunch of 8 calves, and a good many horses and mules on the market. The 29 calves brought \$23 a head cash, and the 8 calves were sold at \$20 a head cash. Mr. Taylor says these were unusually good prices. Sheep, cattle, horses and mules also commanded good prices. Much more stock could have been sold.

Mose Daulton & Bro.: "Business was very good. Was full up. Biggest day since the Wild West show day. Buggy room was scarce on the streets."

John T. Parker: "I had a splendid trade, a large crowd, and for a new business was long ways better than I expected."

Dieterich & Bro.: "Very good. Improvement over other court days in April."

Frank Owens Hardware Co.: "We had an excellent trade. Best court day in five years."

Hechinger & Co.: "Our trade Monday was bigger than any court day in our recollection, in fact during the morning we had more customers than we could wait on. Monday proved what business men can achieve when they get together. What is needed now is, that our merchants, in fact all beneficiaries of such days, lend substantial aid to the Board of Trade."

Rosenau Bros. of the Bee Hive: "The best day of the season. Entirely satisfactory. Stock sales days positively mean a large increase of business for the merchants of Maysville."

John T. Martin & Co.: "Our trade was very good. If the first is a criterion stock sales days will pay both merchant and farmer."

Hays & Co. of New York Store: "Business was very good. Kept us going all day long. Stock sales day was a great success."

Chenoweth & Co.: "Business was very good, better than for some time on County Court day."

Hays & Co. of New York Store: "Business was very good. Kept us going all day long. Stock sales day was a great success."

T. J. Winter & Co.: "Could not attend

The New Suits

An instructive showing. If you haven't seen it you have no idea of the strides which have been made in ready-to-wear garments. Every suit has the mark of beauty and style. The tailor-made gown is essentially an American production. As we said recently, New York gives lessons to Paris and London in this branch of costuming. This season our designs not only surpassed their rivals, they have surpassed themselves. Allow us to show you—it is no trouble; whether you buy or not; \$8 50 to \$20.

EMBROIDERIES.

The kind you begin by liking but do not fully appreciate until you have washed them a few times. They're the kind that stand tubbing. They don't get stringy and mangy. That's because they are made on a hand machine, not rolled off by steam. Nevertheless, the 8s sorts for 5c. a yard; the 15c. sorts for 10c. a yard; the 20c. sorts for 15c. a yard.

LATE ARRIVALS.—Placket fasteners, 3 for 5c.; hand-embroidered Doylies, white silk scallop, flower and foliage in natural colors, pretty open work borders, 25c.; Tie Chains, crystals or amethyst, 25c.; new Sash Pins, 5c.; Cyrano Chains, pearl and turquoise and other fancy sorts, 25c., 50c.; Pocketbooks in many different leathers, 25c. to \$1.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at J. J. Wood & Son's drug store. Every bottle guaranteed.

THE BEE HIVE

NEW

Carpets and Rugs!

The carpenters have now finished the work of enlarging our CARPET room. Our stock of new CARPETS and RUGS are so large that we needed much additional space to handle them. We believe that we now have a Carpet department that would do credit to any metropolitan store. From the cheapest Hemp Carpet at 8c. to the best of Axminster at 90c., there is not a roll but what will prove of exceptional value for the price asked. We are showing a larger and better assortment of Ingrains and Brussels than ever before. You'll find here the very choicest of patterns to select from, and you have the further advantage of seeing just how the Carpet is going to look on your floor. We have also an immense stock of SMYRNA and MOQUETTE RUGS and magnificent ART SQUARES. We know that if you will let us supply your Carpet wants we will save you money.

SOME RARE

Shirt Waist Bargains!

We carried over from last season about ten dozen SHIRT WAISTS. Rather than mix them with the new stock we have placed 'em on a separate counter and marked prices less than cost. The 49c. and 59c. kind are now 29c. Last year's 75c. price has been marked down to 39c. Waists that were lowly priced at \$1 and \$1.25 are now 59c. There are also a few that were \$2.00, now 98c. These Waists will sell quickly. Come before best are picked over.

MRS. CURTIS' WILL.

She Bequeathed Her Entire Estate to Messrs. John L. Whitaker and Chas. B. Pearce, Jr.

The last will of Hannah A. Beckett (Curtis) was admitted to record Monday evening.

John L. Whitaker and Charles B. Pearce, Jr., named as executors, qualified without bond, as requested in will. W. B. Grant, W. C. Johnson and Edward Bryant were appointed to appraise the personal estate.

After the payment of her debts and funeral expenses, her entire estate is left to her friends, Messrs. John L. Whitaker and Charles B. Pearce, Jr., their heirs and assigns, to be divided equally between them.

The will was written last February.

SOMMERS INDICTED.

Sequel to the Alleged Bribery Sensation in the Democratic Convention at Frankfort Last Week.

FRANKFORT, KY., April 10.—The grand jury reported at 4 o'clock this afternoon an indictment against Charles E. Sommers, ex-Sergeant-at-Arms of the State Senate, on the charge of bribery.

The indictment charges Sommers with paying Delegate Garnett Graves \$400 on the promise of the latter to turn over the proxy of Taylor County to Ben V. Smith in the Second District Railroad Commission convention last week. The Taylor County proxy was held by McChord and Smith, and the plan was to vote it to unseat the McChord delegates in Louisville. Graves, who exposed Sommers to the convention and turned over the money to that body, was not indicted.

A bench warrant was issued for Sommers and his case set for trial April 27th.

COUNTY JUDGE FRANK A. BULLOCK, of Lexington, has filed a suit of attachment against William Quigley, a one-legged bootblack. The petition states that some time ago Quigley negotiated a loan of \$5 from Judge Bullock, with the agreement that it should be returned whenever Quigley violated his pledge to never again become intoxicated. Last Thursday the name of William Quigley appeared on the docket of the Police Court, and opposite it was the charge of drunkenness, with a fine of \$1 and costs. Quigley will probably come out victorious, says a special, since the testimony of Police Court Clerk Ott will be that a prominent man of Lexington was arrested for drunkenness and requested Police Judge Riley to substitute some other name on the docket, and that Riley directed the name of William Quigley be written as a substitute.

In case of Gardner vs. Paducah Building Trust Company, from Mason, a petition for rehearing was filed Monday by the appellant and appellee was given ten days to respond.

EDITOR C. C. MOORE, of the Blue Grass Blade, who was sentenced to a two-years' term in the Ohio State pen, will, in all probability, be released in a few days. His application for a pardon has been favorably acted upon by Judge Thompson and District Attorney Bundy, of Cincinnati.

THE Enquirer's Covington correspondent says: "On Decoration Day the surviving members of the Sixth U. S. V. I. will present to Captain D. B. Joynes the flag he tendered the troops at the breaking out of the Spanish war. This flag was the first one raised over San Juan by the American troops. Captain Joynes will then return it to the maker and original owner, W. K. Conley.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

FOR THE FARMER.

What the State Commissioner of Agriculture Says of the Wheat and Other Crops For April.

State Commissioner of Agriculture Moore's report for April, just out, is based on letters from 161 correspondents, representing 104 counties. He says:

"The absence of growing weather during the month of March has left the solution of the fate of the late wheat to the future. The condition of early wheat is still reported excellent, and in a few counties, where the major portion of the crop was sown early, the prospect for a full average crop is good. Severe freezing while the soil was saturated has further weakened the vitality of the plant, and were it not for the wonderful recuperative qualities so often shown we might despair of receiving any returns from a considerable per cent. of the acreage. A number of correspondents report that the acreage will surely be reduced by plowing up and sowing to other crops. We would advise that ample time be given for development before resorting to this measure. All vegetation is fully one month late, and the prospect should be judged accordingly. Heavy rains have also damaged the crop, washing gullies in the rolling lands and by overflowing the bottoms. The condition April 1st averages 77 as compared with normal years, a loss of three points since March 1st. The average condition on this date for the past three years has been as follows: 1898, 101; 1897, 94; 1896, 69. The Western section shows the lowest average condition, 69. In the Central section the average condition is 78; in the Eastern the condition is 85. The condition in the Western section has suffered a loss of 1 point since March 1st; the Central a loss of 7 points and the Eastern a loss of 3 points.

"Oat sowing is hardly begun in a majority of the counties, and for this reason no attempt is made at an estimate of the acreage. A few counties report about one-half of the acreage sown in the mud. The burning and sowing of tobacco plant beds is likewise much delayed. Very few growers have plants above ground at

this date. Clover has wintered fairly well, a portion of the old clover only being frozen out. Pastures have made no growth worth naming up to the present.

"The number of spring lambs, compared with the number in 1898, is 57 per cent., the loss being probably the heaviest ever sustained. The absence of the usual amount of grazing at this season causes a further loss in condition. The character of the winter has been opposed to a thrifty condition of sheep, and the loss of old has been correspondingly heavy.

"Owing to the backward season the development of fruit buds is not sufficiently advanced to judge accurately the fruit prospects. There appears to be no doubt that the peach crop will be a total failure. Many of the peach trees are also dead. The heavy rains and continued cloudy weather has been exactly suited to enable both fruit and forest trees to recover from the effects of the terrible freeze during the month of February."

PITHY POINTS.

The money question is the question that is paramount to all others in National politics, as much as a great many would like to have it eliminated therefrom.

So far from being dead, as some of the friends claim, the money question is to-day more alive than ever.

That chap Egan ought to be made dine off the canned embalmed beef for about thirty consecutive days. We imagine he wouldn't find it as palatable or nutritious as a thirty days repast on quail.

Mr. Lincoln's famous saying fits in very appropriately on the canned beef business and investigation: "Some people can be fooled all the time, and all the people can be fooled some of the time; but you can't fool all the people all the time."

As some people wouldn't be convinced though a miracle were performed so it is true that narrow-minded partisans wouldn't be changed though mountains of evidence were added to the already overwhelming evidence in support of all that General Miles ever claimed in the matter of that villainous canned beef.

There ain't any more men in this county today that have interests in common with the gold men and millionaires of the East and Wall street than there were at the last general election, as strange and unpalatable as the statement may ring in a few ears.

The gold gentry will have Mr. Bryan to confront again whether they will or no. This is just as certain as they and Mr. Bryan live.

If we are not mistaken it will be found that territorial expansion has fewer friends with the American people than money expansion has.

LOUISVILLE TOBACCO MARKET.

Large Offerings Last Week—Prices Somewhat Better on the Good Grades of Leaf.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 4,056 hds. with receipts for the same period, 2,619 hds. Sales on our market since January 1st amount to 59,858 hds. Sales of the crop of 1898 on our market to this date amount to 62,344 hds.

We have had large offerings of new burley on our market again. Prices have been a few bids easier on the very common grades on the color order, and the market has been somewhat stronger on the good grades of leaf, such as are selling from \$12 to \$15. The market for other grades has shown no change as compared with the prices of last week. We made a sale of 18 hds. at our house from Nicholas County, belonging to one party, which brought an average of \$13.15, the lowest price being \$8.60 and the highest price \$17.50.

The following quotations fairly represent our market for burley-tobacco 1898 crop:
